Objective

Motivated B.Tech student in Computer Science with experience in JavaScript, and React.js front-end development. Strong problem-solving and communication skills, seeking opportunities to contribute to innovative projects and grow in a collaborative technical environment.

Technical Skills

Languages: JavaScript, C++

Web Technologies: HTML5, XML, CSS3

Liberty/Frameworks: React.js, Material ui

Database: MongoDB

Developer Tools: GitHub, Postman, Render, Figma, Linux

Training and Internship

Evvara Labs

sep 2025 – mar 2026

Web Development Intern

Indore, Madhya Pradesh

- Hands-on experience in MongoDB, Express, React, Node.js. Developed full-stack applications with REST APIs and MongoDB
- Strong foundation in JavaScript, React Hooks, Node.js, Git, Postman.
- Exposure to real-world development workflow and corporate environment.

Aksoft

may 2023 – dec 2023

Web Development Intern

Dewas, Madhya Pradesh

- I developed strong skills in HTML, CSS, and JavaScript for creating interactive web pages.
- The hands-on training provided practical experience in building responsive websites and designing modern web solutions.

Projects

Crypto Tracker | React Chart.js Redux Material UI Axios Axios Framer Motion

| Live | GitHub

- Developed a dynamic web application for real-time cryptocurrency tracking and analysis using React.js, Material UI, and Chart.js.
- Implemented features to compare cryptocurrencies, visualize price trends with interactive graphs, and analyze key metrics such as price, market cap, and trading volume.
- Integrated the CoinGecko API with Axios to fetch real-time data, enabling search across the top 100 cryptocurrencies and creation of a personalized watchlist.

Youtube Clone | React TailwindCSS javascript Redux Toolkit

| Live | GitHub

- Built a YouTube Clone replicating core UI and features, including video listing, preview playback, and threaded comments using YouTube API.
- Implemented optimized search functionality with debouncing, caching, and search suggestions to reduce API calls and improve performance.
- Enhanced app efficiency with lazy loading, API polling (live chat), and React.memo optimization to ensure smooth rendering and real-time updates.

Education

Mahakal Institute of Technology

2020 – 2024

Bachelor of Technology in Computer Science

Ujjain, Madhya Pradesh

Sardana Public School

2019 – 2020

12th

Dewas, Madhya Pradesh

Holy Trinity School

2017 – 2018

10th

Dewas, Madhya Pradesh
